

1. Take mask out of packet and unfold carefully. Remove mesh lining from one side of mask and apply to clean, dry skin.
2. Press exposed half of mask to skin and remove lining from other side. Adjust as necessary to fit snugly onto face.
3. Leave mask on for 10–15 minutes, then remove mask, massage any remaining product into skin, and follow with Yunique skin care regimen. If any excess liquid remains in the package, feel free to apply it to hands, neck, or anywhere you could use a little hydrating boost!
